

Student Management Policy and Procedures

1. Student Behaviour – School Context

The School actively seeks to engage with parents and the community to ensure a positive and inclusive school culture in which every student has the opportunity to succeed. The School works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The School appreciates its diverse student and parent population, and has measures in place to ensure all students enjoy the same level of access to the school's curriculum and co-curricular programs. Our teaching and learning philosophy is important in engaging all students in their academic learning. Our pastoral and mentoring programs (including peer support) are tailored to address students' personal and social learning at various stages of their secondary education. Our Program for Students with Disabilities provides vital assistance and support to students in and out of the classroom. Student leadership capacity is fostered through the Student Representative Council, the house system, the role of the school captains and our peer support mentors.

Students receive added support in their learning through our community networks. The School uses interpreters where appropriate to assist parents/ carers to engage in the learning and progress of their child. This also enhances our capacity for effective decision making due to the greater diversity of perspectives and inputs.

Student wellbeing (social, emotional and cognitive engagement) is addressed in a number of ways. At risk students are supported by our Wellbeing Team which includes the DET Psychologist, and the Adolescent Health Nurse and School social worker. External agencies such as local Baseline Youth Services, the YMCA, and Orange Door work with students and families on a more targeted and individualised level.

When relationships break down between members of the school community, we use "Restorative Practices" to restore and rebuild these. Staged responses are implemented in addressing ongoing behavioural issues, and suspension from school is viewed as a last resort.

The school places an emphasis on 100% attendance, and has in place attendance targets. Attendance is monitored throughout the day, and student absences are followed up by our leadership team. (Refer to our Attendance Policy).

The School values parent / carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council. The School Council provides financial assistance and encouragement to the Parents' Association in our efforts to build a sense of community.

2. Rights and Responsibilities:

It is the right of all members of the School community to experience a safe, pleasant and supportive learning and teaching environment. Staff, students and parents/ carers have a right to be treated with respect, and enjoy an environment free from bullying (including cyber bullying), harassment, violence, discrimination or intimidation. Teachers also have the rights to be informed, within Privacy requirements, about matters relating to students that may impact on their teaching and learning for that student.

Students have a responsibility to contribute positively to the educational experience for themselves and other students, to participate fully in the school's educational program, and to ensure that their behaviours demonstrate respect for themselves, their peers, their teachers and all other members of the School community.

Parents/ carers have a responsibility to take an active interest in their child's educational progress, model and reinforce positive behaviours and ensure their child's regular attendance. They have a responsibility to support the school in maintaining a safe and respectful learning environment for all students, and engage in regular and constructive communication with school staff regarding their child's learning.

Teachers have a responsibility to demonstrate the standards set by the Victorian Institute of Teaching. That is, to know how students learn and how to teach them effectively, know the content they teach, know their students, plan and assess for effective learning, create and maintain safe and challenging learning environments, and use a range of strategies to engage students in effective learning. Teachers also have a responsibility to fairly, reasonably and consistently implement the Student Engagement Policy and Behaviour Policy.

All members have an obligation to ensure school property is appropriately used and maintained.

4. School Action and Consequences

Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at this school under any circumstances.

Student engagement, regular attendance and positive behaviours will be supported through relationship based whole-school classroom practices, including targeted and individualised support when required. (Please refer to our Attendance Policy and Behaviour Policy). Whole school practices include:

- Establishing predictable, fair and democratic classrooms and school environments
- Ensuring student participation in the development of classroom and whole school expectations
- Providing personalised learning programs where appropriate for individual students
- Consistently acknowledging all students
- Empowering students by creating multiple opportunities to take responsibility and be involved in decision – making
- Providing physical environments conducive to positive behaviours and effective engagement in learning

Inappropriate behaviours, including irregular attendance, will be supported through a staged response, including:

- Scaffolding the student’s learning program
- Engaging in “Restorative Practices”

Discipline Procedures – suspension and expulsion

A student may be excluded from school in situations where all other measures have been implemented without success, or where an immediate suspension is the only appropriate course of action in response to the student’s behaviour which may put the health, safety and well-being of other students, staff or themselves at significant risk.

- Consequences which may be used prior to suspension include:
 - Withdrawal of privileges
 - Use of behaviour and attendance sheets to monitor behaviour
 - Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
 - Detention: teachers may require a student to complete school work or additional work or duties at recess or lunch break, or afterschool. No more than half the break time may be given to detention and afterschool

detentions will not exceed forty-five minutes. Parents will be informed at least the day prior to the detention and in family circumstances where this would create undue hardship, the school may negotiate an alternative disciplinary measure with parents/carers.

- Convening of a school support group.

When considering suspension or expulsion, the School follows the Department of Education and Training's procedures (refer to section 4.3 of Effective Schools are Engaging Schools: Student Engagement Policy Guidelines).

APPENDIX B: OUR SCHOOL MANAGING STUDENT BEHAVIOUR

Effective schools are engaging schools which create a positive school culture. The primary focus is to provide a safe and supportive learning environment.
